CAREY'S CATHARTIC CANDIES A SAFE, RELIABLE AND THOROUGH FAMILY PHYSIC

NEVER, since the dawn of civilization, has there been recorded such an improvement in medical science as that inaugurated by the discovery of CAREY'S CATHARTIC CANDIES.

The days of disgusting and dangerous pills, made of mercury and aloes, of nauseous salts and sense of sick jolts and rhubarb powders, are now numbered; a new era opens up; the medicinal properties of the safe and most expensive drugs have been, b... known only to Doctor Carey, chemist, who, from their useful properties, every virtue of smell and taste removed, and made into the form of delicious candies. There is no longer a necessity for parents forcing them or their children to swallow and strangle with loathsome-tasting physic.

CAREY'S CATHARTIC CANDIES
Have valuable medical properties that no pills or powders can possess. They can be given to those with the most delicate stomachs, without the slightest knowledge that they are taking physic; they are not to be swallowed whole, being the same in the centre that they are on the outside; place one in the mouth before retiring for the night, allow it to dissolve slowly away—its taste will be found delicious, while there are a variety of flavors to suit every palate. For all disease originating in the Stomach, the Bowels, the Liver, or the Kidneys, there has never been a medicine in existence that could equal them. They are guaranteed not to contain a single particle of Mercury or other mineral or corrosive substance, and can be given to lie without infusing with perfect safety. Their penetrating properties cleanse and invigorate every portion of the human body, correcting its diseased action and restoring its health, strength and vigor. Their effect upon the blood is to purify it from all deleterious humors, and convert it into a new life and richness, fast will cure the old and most aggravated complaints in speedy and permanent disappearance. Subjoined is the certificate of the celebrated Chemist, Mr. V. S. HUTCHINSON, the highest authority in the United States, who has carefully examined and thoroughly tested the properties and value of the Candies. Hear what he says regarding them:
